

For a smile closer to the perfection of nature

At the Center for Advanced Restorative, Periodontics and Aesthetic Dentistry, we try to make a difference in our patients' lives by offering a multidisciplinary approach to comprehensive dentistry and a beautiful smile.

Costin Marinescu, DDS | Sanda Moldovan, DDS MS | Daniela Truta, DDS

smar tooth.com | 559.686.1773

Nature is the best architect, and our goal is to help all of our patients achieve a beautiful, yet natural-looking, smile. To provide that look, we make use of state-of-the-art technologies like the digital radiograph diagnosis system, intra-oral cameras, high-resolution digital cameras, digital imaging and CAD-CAM tools to significantly enhance our diagnosis capabilities — and the quality of our treatments. Together with our unique expertise and compassionate, caring staff, these tools help us bring your smile as close as possible to nature's perfection.

SOME OF OUR SERVICES

- Comprehensive general and aesthetic dentistry
- Conservative porcelain onlays, inlays, tooth-colored fillings and bondings, full mouth rehabilitations
- Smile design and customized porcelain veneers
- Dental implants and periodontal treatments using the latest implant technologies from Nobel Biocare, the worldwide leader in dental implants and research
- Bone and soft tissue regeneration
- TMD (Temporo-mandibular joint disorders) diagnosis and treatments
- High-intensity diode laser for surgeries with minimum discomfort and accelerated healing
- LLLT (low-level laser therapy) to accelerate healing and promote tissue stability through biostimulation and biomodulation
- Personalized preventive dentistry and dental prophylaxis
- Customized dental care training, oral cancer screening and periodontal maintenance
